

Website Marketing

What is WebPak Online all about ?

WebPak is a collection of animations which you or your web designer can easily add to your practice website. These animations will add excitement, educate the viewer and enhance the professional appearance of your website.

How it works

You give us your website address and we activate it on our system

We give you (or your designer) the list of “embed codes” and you choose which ones you want to add to your site. Simple!

There are more than 200 topics to choose from, you can see them all here
